ABOUT ME

I'm a former English teacher with a passion for learning. I did a bootcamp where I connected that passion with my interests in solving problems and advocating for inclusion. I believe my being hardworking, committed, assertive, sympathetic and a good public speaker can contribute in this field. I'd like to have a job where I can be part of a team, developing projects that satisfy their clients' needs and may have a good impact on our society. A job where I also continue learning and improving as a web developer.

JUNIOR FULL STACK EXPERIENCE

- Frankenwheel of doom: group project to create a wheel of doom inspired by Frankenstein with HTML, CSS and JS.

- Bonappetiters: group project to create a a social web app for food lovers with Frontend, Backend and Database, using React, JS, TS, MongoDB.

- Sync and Async JS: individual presentation to learn the differences between javascript synchronous and asynchronous.

EDUCATION

- Bootcamp Junior Full Stack Developer (850 hours). Factoria F5.
- Bachelor in Education, Majored in Foreign Languages. National University of Trujillo, Peru.

WORK EXPERIENCE

- English teacher, academic coordinator and mentor (2000 - 2023)
- Voluntary work as a co-producer and co-presenter of La Tierra y la Vida radio program(1995 - 2000)
